Prior to the placement or construction of a structure within ten (10) feet of the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner or marked by a licensed surveyor at the owner's expense.

Prior to the placement or construction of a structure more than ten (10) feet but less than thirty (30) feet from the minimum required setback, the boundary line from which the setback must be measured must be visible from one previously surveyed corner to the other previously surveyed corner, or verifiable by the Department by use of a corrected compass from a known corner within 500 feet of the proposed site of the structure, or must be marked by a licensed surveyor at the owner's expense.

(9) Stake or Mark Proposed Location(s) of New Construction, Septic Tank (ST), Drain field (DF), Holding Tank (HT), Privy (P), and Well (W).

## NOTICE(s):

All Land Use Permits Expire One (1) Year from the Date of Issuance if Construction or Use has not begun.

For the Construction of New One &amp; Two Family Dwelling: ALL Municipalities Are Required To Enforce The Uniform Dwelling Code.

The local Town, Village, City, State or Federal agencies may also require permits.

If subject property is part of a Condominium Plat, applicant hereby certifies and represents that applicant has all necessary approvals and recorded documents required to complete the project for which this permit is sought including requirements set forth in Wisconsin statutes pertaining to condominium associations, the Declaration of the Condominium Association in which the property is located, and all other rules, regulations and requirements pertaining to that Condominium Association.

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.

March 2, 2022

Town of Barnes Building Inspector,

RECEIVED

MAR 29 2022

Bayfield Co.  
Planning and Zoning Agency

I will be replacing my pole barn and authorized the following contractor to act as agent in the regard of obtaining applicable building permits: Jeremiah Janson, Royal Mark's Construction LLC

Also, I am attaching a Map of Survey of the property, completed 6/10/2020. In addition, I've attached other documents of the property in event needed. The property and setbacks are all deemed acceptable and we closed on the property using Knight Barry Title Services, 10607 Kansas Avenue, Hayward, WI.

Best regards,

Scott Safar

50455 Peninsula Road, Barnes, WI 54873

Impervious Surface Calculations

These calculations are **REQUIRED** per WI Admin Code NR 115.05(1)(e) and Section 13-1-32(g) and 13-1-40(h) of the Bayfield County Code of Ordinances. The undersigned hereby makes application for construction, reconstruction, expansion, replacement or relocation of any impervious surface within 300 feet of the ordinary high water mark and agrees that all activities shall be in accordance with the requirements of the Bayfield County Code of Ordinances and all other applicable ordinances and the laws of the State of Wisconsin.

Pursuant to Chapter 1, Title 13, Section 13-1-106(d) of the Bayfield County Zoning Ordinance(s), Planning and Zoning Department employees assigned to inspect properties shall have access to said properties to make inspections.

**Impervious Surface:** An area that releases as runoff all or a majority of the precipitation that falls on it. "Impervious surface" excludes frozen soil but includes rooftops, sidewalks, driveways, parking lots and streets unless specifically designed, constructed and maintained to be pervious.

**Calculation of Impervious Surface:** Percentage of impervious surface shall be calculated by dividing the surface area of existing and proposed impervious surfaces on the portion of a lot or parcel that is within 300 feet of the ordinary high water mark by the total surface area of the lot or parcel, multiplied by 100.

**Impervious Surface Standard:** Allow up to 15% impervious surface but not more than 30% impervious surface on the portion of a lot or parcel that is within 300 feet of the ordinary high water mark. A permit can be issued for development that exceeds 15% impervious surface but not more than 30% impervious surfaces with a mitigation plan that meets the requirements of the Bayfield County Ordinance(s).

**Existing Impervious Surfaces:** For existing impervious surfaces that were lawfully placed when constructed but that do not comply with the standards in Section(s) 13-1-32(g) and Section 13-1-40(h), the property owner may do any of the following:

- Maintenance and repair of all impervious surfaces;
- Replacement of existing impervious surfaces with similar surfaces within the existing building footprint;
- Relocation or modification of existing impervious surfaces with similar or different impervious surfaces, provided that the relocation or modification does not result in an increase in the percentage that existed on the effective date of the county shoreland ordinance, and meets the applicable setback requirements in Section 13-1-32.

# Impervious Surface Item

## PERMIT

WEATHERIZE AND POST THIS PERMIT  
ON THE PREMISES DURING CONSTRUCTION

No. **22-0122** Issued To: **Scott & Katie Safar**

Location:  $\frac{1}{4}$  of  $\frac{1}{4}$  Section **9** Township **44** N. Range **9** W. Town of **Barnes**

Gov't Lot Lot **Of 5 & 4** Block **3** Subdivision **Eau Claire Lake Park** **Less V.309 P.279**

**Residential Structure in R-1 zoning district**

For: **Accessory Bldg. w/ 2<sup>nd</sup> floor Storage: [ 1.5 - Story ]; Shop (30' x 40'), 2<sup>nd</sup> Floor Storage (12' x 40') = 1680 sq. ft. ] Height of 17'**

**(Disclaimer):** Any future expansions or development would require additional permitting.

**Condition(s): Not for Human Habitation or Sleeping Purposes. If Pressurized water enters structure a sanitary permit is required prior. Must meet and maintain setbacks including eaves and overhangs. No increase of impervious surfaces with out mitigation measures.**

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the department of natural resources wetlands identification web page or contact a department of natural resources service center (715) 685-2900.

**NOTE:** This permit expires one year from date of issuance if the authorized construction work or land use has not begun.

Changes in plans or specifications shall not be made without obtaining approval. This permit may be void or revoked if any of the application information is found to have been misrepresented, erroneous, or incomplete.

This permit may be void or revoked if any performance conditions are not completed or if any prohibitory conditions are violated.
